B. USAG-HI BULLETIN SUBMISSIONS

Bulletin Editor:

*Mr. Don G. Boyer, USAG-HI Forms and Publications Control Officer,
Directorate of Human Resources, Administrative Services Division, 656-0334.
(don.g.boyer@us.army.mil)*

[The following information applies to submissions of notices to this Bulletin.]

1. SUBMISSION AND DUE DATES. Draft notices for the USAG-HI Bulletin are submitted to the USAG-HI Bulletin Editor by email. All articles should be submitted no later than COB Friday the week prior to the next electronic publication of the Bulletin every other Thursday or early enough to ensure the article will be published prior to any listed start dates. The Bulletin is published entirely electronically every other week and is distributed from the Directorate of Human Resources, Administrative Services Division to specific contacts within USAG-HI and other major commands, tenant and service organizations and other federal offices for further distribution and posting within their organizations. To be added to, or update, the Bulletin mailing list, please contact the Bulletin Editor. Current and previous issues of the Bulletin are maintained on the USARPAC Theater Portal, at: <https://portal.usarpac.army.mil:36000/imcom-pacific/Garrisons/Hawaii/hiHROffices/Bulletin/Pages/default.aspx>. Additionally, the current Bulletin and past issues are posted on the 30th Signal BN/Network Enterprise Center (NEC) internet site at: <http://www.garrison.hawaii.army.mil/sites/bulletins/bulletins.asp>.

2. FORMAT FOR BULLETIN NOTICES. Submissions to the Bulletin must include specific point of contact information (name, phone number and email if necessary) and should indicate, when needed, the start and end dates for notices to appear in the Bulletin. Military times and dates are used in all notices. All acronyms used in notices are defined the first time they are used. New, updated, or revised item headers are highlighted each week, as is updated text if necessary. Due to document size when posted or emailed, attached Bulletin flyers will normally be converted to black and white documents to save on document size unless safety or other criteria require the use of color. Additionally, submissions should be reviewed and approved by the appropriate line manager prior to submission to the Bulletin to ensure conformance with current applicable management policies and directives before release for publication.

3. BULLETIN NOTICES AND OPERATIONAL SECURITY (OPSEC) MANAGEMENT APPROVAL. Organizations will not include sensitive OPSEC data in any Bulletin notices. Organizations submitting articles for the Bulletin are responsible for having their information checked and approved by OPSEC personnel when necessary or when there is doubt as to the sensitivity of the information prior to submission to the Bulletin. OPSEC review and approval should be indicated and included if needed with the draft notice when forwarded to the USAG-HI Bulletin Editor to verify the data is, in fact, publishable.

4. USAG-HI BULLETIN LINKS. The USAG-HI Bulletin tries to provide working links and email addresses in the notices submitted by our contributors. Time constraints prevent checking these every week, although they are tested upon first receipt. While email addresses have been mostly reliable, it has been noted that extremely long "http/https:" links often do not work correctly unless copied and pasted, a problem we cannot fix. Links occasionally change or stop working. If problems are experienced, they should be reported to the contact for the specific notice. Corrections will be made in the Bulletin when reported.

C. INSTALLATION SAFETY AND SECURITY

1. TRAFFIC SAFETY ON-LINE CLASS SIGN-UP. All Hawaii-based Soldiers and Civilian workers have a new tool to request traffic safety classes. Soldiers and Civilian workers can request classes using their Army Knowledge Online account at <https://airs.lmi.org>. (Select "View Available Courses"; select "Pacific" Region and Garrison "Hawaii"; then select the desired course.)

Six Classes will be offered initially:

2. RESTRICTIONS ON DRIVING WITH BLUETOOTH DEVICE ON JOINT BASE PEARL HARBOR HICKAM (JBPHH). In accordance with Navy HHQ regulations (CNIC 5530.14, CNIC Ashore Protection Program), cellular phones can be used on JBPHH when using hands free devices. Hands free devices include console/dash mounted or otherwise secured cellular phones with integrated features such as voice activation, speed dial, speakerphone or other similar technology for sending and receiving calls. There is no requirement that it be built into the vehicle. However, driver use of any portable, personal listening device worn inside the aural canal, around or covering the driver's ear (including wired or wireless earphones and headphones, Bluetooth® or similar technology) is not authorized on base while operating a motor vehicle, except for fire and emergency response or law enforcement/security purposes. Hearing aids or devices designed and required for hearing enhancement are exempt from this prohibition. Violation of the cell phone policy on JBPHH warrants a mandatory Joint Base Traffic Court appearance. It is up to the

Traffic Court Administrator to determine what sanctions to impose. However, three points will be assessed against a driver's base driving record for violations of the cell phone policy. Bluetooth/hands free devices are authorized and required for cell phone use while driving on all US Army Garrison-Hawaii installations, Marine Corps Base Hawaii, Camp Smith, and Bellows Air Force Station. 12. OFFICIAL MAIL PROCEDURES. All Directorates, Military, and Tenant Activities are required to pick up Official Mail on a daily basis from the Official Mail and Distribution Centers (OMDC), Bldg. 2038, Schofield Barracks and Bldg. T-116, Fort Shafter. Unit/Office mail personnel must be designated in writing by their unit/office and copy of the memorandum of appointment maintained on file at the appropriate OMDC before mail will be released. Mail that is not picked up at OMDCs for five consecutive work days will be "returned to sender" without exception. It is the proponent's responsibility to pick up mail daily and have a designated alternate available for mail pickup at all times. Official Mail requires daily pickup because much of it is time-sensitive and all is important to the recipient; units/offices cannot be negligent in their duty to receive mail and should not assume that official mail should be picked up only when it is convenient to do so. Incidents of negligence in mail pickup will be reported to Commanders, Directors, or Chiefs for corrective action.

Customers are reminded to consult the staff of the OMDC at Schofield Barracks (655-6374) or at Fort Shafter (438-6253) for assistance in preparing official mailings. If letters parcels, or packages are received incorrectly labeled, items will be returned to the unit/agency for correction with no exceptions. 2. ID CARD APPOINTMENT SYSTEM AT SCHOFIELD BARRACKS AND FORT SHAFTER. In November 2010 the US Army Garrison-Hawaii implemented a new ID Card Appointment System at the Directorate of Human Resources' (DHR's) ID Card Offices at Schofield Barracks and at Fort Shafter. The appointment system replaced the walk-in first-come first-serve system with appointments beginning at 0800 through 1530 daily. Customers are encouraged to access the Schofield Barracks and Fort Shafter ID Card Appointment Scheduler website at <https://rapids-appointments.dmdc.osd.mil> to make, change, or cancel ID card appointments. ID Cards may be renewed up to 90 days prior to expiration. By accessing this on-line, user-friendly, internet-based system, customers are now able to schedule their card appointments and to plan their other daily activities without the uncertainty of visiting the ID Card office and possibly having prolonged waiting times for service. A computer system is available in the ID Card offices for walk-ins to make or change appointments, as necessary. For customers without internet access, the ID card offices accept telephone requests for appointments at (808) 655-1272 for Schofield Barracks, and at (808) 438-1757 for Fort Shafter. Walk-in requests for service are handled on a case-by case basis with documentation to substantiate the emergency. For further information on the ID Card office locations, hours or operation, required documentation, etc., please visit the US Army Garrison website at <http://www.garrison.hawaii.army.mil/sites/services/idcard.asp>. For further information, please contact Mr. Danny Mauga, Schofield Barracks, 655-6884, or Ms. Haunani Tabocol, Fort Shafter, 438-1757.

3. REQUIREMENTS FOR NEW OR REPLACEMENT CAC/ID CARDS. In December 2008, the Department of Homeland Security issued an identification security directive for the issuance of new or replacement Common Access Card (CAC) or ID Cards for military personnel, authorized civilians, retirees, and family members. Among the many changes to the ID Card issuing process, the most important is that each customer must now present two forms of identification, one of which must include a current photograph. The DEERS/RAPIDS system will not produce a new CAC or ID Card without first scanning the two forms of identification into the data base maintained by the Defense Manpower Data Center (DMDC) in Alexandria, Virginia.

Some documents that can be used for positive personal identification are as follows:

- Driver's license or ID issued by a state or outlying U.S. Commonwealth or possession;
- ID card issued by federal, state, or local government agencies or entities;
- School ID card with photograph;
- Voter's Registration Card;
- U.S. Military ID card;
- U.S. Passport;
- Certificate of U.S. Citizenship;
- Certificate of Naturalization.

For those younger than 18 who are unable to present a document as listed above, the following are acceptable:

- School Record or Report Card;
- Clinic, doctor or hospital record;
- Day-care or nursery school record.

The listing above is not all inclusive. A complete list of acceptable documents can be found on the United States Citizenship and Immigration Service (USCIS) website at www.uscis.gov/files/form/I-9.pdf, page 4. If you have any questions as to the proper documentation needed, please call first before visiting a Military ID Card issuing facility to determine what specific documents may be required, and to verify the process to renew or replace an ID Card.

All units should take time to review MILPER Message 10-241, 17 Sep 10, which delineates guidance and changes in submitting and processing Dropped from Rolls (DFR) packets. Major changes include the reduction in the number of packet enclosures from 23 to 11, and DFR packets will no longer be mailed in hard copy, but will be scanned to USADIP (US Army Deserter Information Point) at Fort Knox, KY, at knox.usadip.admin@conus.army.mil (TIF file). A sample DFR packet with instructions and additional resources are available on the S1 Net at <https://forums.bcks.army.mil/secure/communitybrowser.aspx?id=166639>.

All required documents will be scanned to USADIP for review. Once reviewed for accuracy and completeness, USADIP will notify the Soldier's Deserter Control Officer (DCO)/BDE S1 for upload to IPERMS. Finally, DCO/Brigade S1 MUST have authorized official access to IPERMS and the authority and equipment to upload documents into the system. Functional proponents for this message are: USADIP (DAPM-MPP-AD), Fort Knox, KY 40121-5182, Comm. (502) 626-3717; DSN 536-3717, and HRC, TAGD, FSD, Integration (KNOX-HRC-PDF), Fort Knox, KY 40121-5406, Comm. (502) 613-8091; DSN 983-8091. 8. ARMY PARTNERSHIP FOR YOUTH SUCCESS (PaYS) PROGRAM UPDATE. The PaYS Program provides America's youth with an opportunity to serve their country while they prepare for their future. The PaYS program works to connect and partner civilian corporations and companies, as well as local government agencies, with the Army. The PaYS partners project and forecast future openings into a database that matches their forecasted needs with Army Military Occupational Specialties (MOS). During the enlistment process, the applicants select their MOS, associated incentives and term of enlistment, and then are given the opportunity to select a job with a PaYS partner. A Statement of Understanding containing details of the particular PaYS option is signed and a copy given to the future Soldier. The PaYS partner promises to interview the Army PaYS Soldier for this selected position as long as the Soldier receives an honorable discharge after one enlistment, is otherwise qualified, and a job vacancy exists. The training, Army values, discipline, work ethic and leadership traits an Army Soldier possesses are significant, and oftentimes gives them an advantage over other candidates. It is still important for the PaYS Soldier to review their Statement of Understanding and to establish a relationship and maintain contact with their PaYS partner during their enlistment. This relationship will assist the PaYS Soldier through their transition and hiring process. The PaYS partners have access to a pool of

Soldiers with values, experience, maturity, discipline and other tangible and intangible traits that make them more desirable than other candidates. To find more information about the Army PaYS program contact the PaYS helpdesk at (502) 613-1222 or e-mail: payshelpdesk@usaac.army.mil.

We welcome your feedback and input on where charging locations might best serve our population. While we work through the issues around establishing such a service, all Soldiers, civilians and Family members are reminded that it is illegal to use government-procured electricity to charge their personally owned vehicles. It is stealing, and will be treated as such by Law Enforcement personnel and should be by all Army Leaders as well. We welcome your feedback and appreciate your cooperation. Arrangements for turning in records to the RHA, for records disposal and for developing the required MOA requires prior coordination by telephone or email with the USAG-HI Records Manager, Ms. Anna Tarrant at 655 - 5033.

5. POINT OF CONTACT FOR PUBLICATIONS AND BLANK FORMS ACCOUNTS. Organizations and units maintaining publications accounts in accordance with DA PAM 25-33, "User's Guide for Army Publications and Forms" are reminded that the point of contact for all actions involving new publications accounts, changes to accounts and closing of accounts is the USAG-HI Forms & Publications Control Officer, Mr. Don Boyer, Directorate of Human Resources (DHR), Administrative Services Division (ASD), at 656-0334, or email don.g.boyer@us.army.mil. All DA Form 12-R, "Requests for Establishment of a Publications Account," must be forwarded to Mr. Boyer for review and approval prior to submission to the Army Publishing Directorate (APD), St. Louis. Forms submitted to APD directly are returned without action by APD, which will delay establishing an account or correcting problems. For further information, please contact Mr. Boyer at the number above. Information on mailing addresses for publications accounts and establishing an account when preparing for deployment are covered in the items below. Once an account is established, units may order publications from the APD website at www.apd.army.mil.

To obtain sensitive blank forms not available through the Army Publishing Directorate (APD) website, units will need to establish a "local" publications account with the Records Holding Area/Forms Center (RHA/FC) at Bldg. 6042, 1976 Higgins Rd., East Range, (656-0334). Please be aware that the RHA/FC does no longer stocks publications of any kind, medical record forms or other medical forms. Medical-related forms and publications can be obtained from the Tripler Army Medical Center (TAMC) via Mr. John Berry at 433-6071. All publications are obtained from the Army Publishing Directorate via unit publications accounts. (Also see the "Forms Acquisition" notice below.)

6. DUPLICATION OR PRINTING OF PUBLICATIONS. Publications that are downloadable from the Army Publishing Directorate website requiring duplication in quantity by organizations/units shall be done through the Defense Logistics Agency (DLA) Document Services Office. Publications will not normally be printed via commercial local printing sources. (Use of such sources without first consulting with the Document Services Office could be considered and unauthorized procurement.) For information on document production, please contact Ms. Gloria Gonzales, DLA Document Services Office, Bldg. 2038, Schofield Barracks, at 655-1400. Small documents may be reproduced on unit copy machines when such use does not exceed the limitations of the copy machine or its monthly usage quotas. For further information, please contact the USAG-HI Forms and Publications Control Officer, Mr. Don G. Boyer at 656-0334.

7. POINT OF CONTACT FOR ACCOUNTABLE FORMS. Organizations needing accountable forms should contact the USAG-HI Forms and Publications Control Officer, Mr. Don G. Boyer, at the Directorate of Human Resources, Administrative Services Division, Records Holding Area/Forms Center, Bldg. 6042 East Range, Schofield Barracks. For further information, please call 656-0334 or email don.g.boyer@us.army.mil.

8. PUBLICATIONS AND BLANK FORMS ACCOUNT MAILING ADDRESS REQUIREMENTS. The U.S. Army Publishing Directorate (APD) in St. Louis has been having problems with delayed, returned or undeliverable publications shipped to Hawaii Army Publications Account holders. This is due in large part to deployments, the continual shifting of units between various buildings and offices here in Hawaii and also to many building locations on Schofield Barracks and Fort Shafter not ever having had specific street addresses. This has resulted in considerable wasting of funds that should not be occurring in these times of tight fiscal responsibility. To assist with resolving this problem, all Army units and Directorate offices with publications accounts must check their addresses on the USAPA Publications Account website, <http://www.apd.army.mil>, and ensure their shipping address follows the format below:

Line 1: Unit Name (or CDR, Unit Name)

Line 2: Bldg. Number/Street Name (with street number, if assigned, e.g., "Bldg. 600, 148 Curtis Loop"; if there is no number, then the street name is sufficient, i.e., "Bldg. 600, Curtis Loop".)

Line 3: Schofield Barracks, HI 96857 - 5000 (or Fort Shafter, etc.)

All units and offices requesting new publications accounts can check the validity of their addresses via the U.S. Postal Service website at <http://zip4.usps.com/zip4/welcome.jsp>. You can enter an address and have the system scan the address. If the USPS system accepts the address, it is acceptable as a shipping address for publications. Use of Mail Stop Numbers is NOT needed for these addresses. New accounts are required to use this verification system prior to submitting a DA Form 12-R (Request for Establishment of a Publications Account) for approval.

All changes to current addresses listed in the APD system require submission of a "change" DA Form 12-R to APD via the USAG-HI Forms and Publications Control Officer, Mr. Don G. Boyer, at the Directorate of Human Resources (DHR), Administrative Services Division (ASD). This includes updating email addresses, phone numbers, names of unit publications contacts, etc. when there is any change. Questions or concerns on this subject should be addressed to Mr. Boyer at 656-0334. You may also reference the Military Postal Service Agency for further guidance on addressing.

9. PUBLICATIONS AND BLANK FORMS ACCOUNTS FOR UNITS DEPLOYING OVERSEAS. Army Units that are deploying overseas or are already deployed are required to set up a "V" Publications and blank forms account with the European Command to use while deployed. Establishing this overseas account can be started up to 60 days prior to deployment to accommodate the fact that some units will not have fax or scanning capabilities once deployed; as soon as you arrive in country you can contact the proper office to activate the account. The website to use is https://aepubs.army.mil/ae/public/aepubs_main.asp (underscore between "aepubs" and "main"). Click on the FAQ tab on the left, then click on question #3 and answer "no" and click "Submit." Within 2 working days of submitting a DA Form 12-R as shown above, the unit publications manager will receive account information that will allow him or her to establish subaccounts, subscriptions, a library, and a forms maintenance list. Once deployed, the publications manager must contact the USAPDCE Customer Service Desk, customer.service.aepubs@eur.army.mil, to provide the deployed official mailing address, unit telephone number, and official email address if different than the email address already provided. Once this information is received, the account will be activated within 5 work days, and the publications manager will be able to order publications and blank forms while deployed. If you have any questions or need additional assistance, contact the USAPDCE Customer Service Desk: DSN: (314) 384-6881/82/83/84 or Commercial: (49) 0621-730-6881/82/83/84. The new Army In Europe Publishing System (AEPUBS) Account Management Guide governing overseas accounts is available from the Army Publishing Directorate website at www.apd.army.mil.

Deploying units may have their current (local) Publications Account remain active IF the unit will have a Rear Detachment that will need forms or publications while the unit is deployed. Rear Detachments can only order forms and publications for themselves, NOT for the deployed portion of the unit. Otherwise, the local Publications Account should be frozen or closed until the unit returns. Deployed units MUST receive all their publications, including blank and sensitive forms, from their overseas publications account, and will need to coordinate with USAPDCE for all publications needs. Also, units preparing to deploy cannot "stockpile" forms or publications through requisitioning forms at the Records Holding Area/Publications Center, East Range, prior to deployment. Establishing an overseas account prior to deployment obviates the need for such actions. Prior to returning from deployment, units can close their "V" account and reestablish an account locally. Publications or blank forms received from the European Command while deployed overseas, should not be returned to the office of issue. Excess Forms, Pubs, etc. should be brought back with the units to their main HQs in CONUS.

Note that deployed units preparing to return to CONUS have 90 days to order and receive sensitive forms in quantities needed for issuance to their Soldiers upon return to CONUS. These are items such as DA 4980-12 (Meritorious Service Medal), DA 4980-14 (Army Commendation Medal), DA 4980-18 (Army Achievement Medal), DD-714 (Meal Card Control Book), promotion certificates and other accountable or sensitive forms that will be needed to be issued in quantity upon return from deployment. The USAG-HI Forms Center only has limited quantities of these forms available per month and cannot cover large quantity needs without advance planning.

For further information, please contact Mr. Don G. Boyer, USAG-HI Forms and Publications Control Officer, DHR, ASD, at 656-0334.

10. FORMS ACQUISITION, USAG-HI RECORDS HOLDING AREA/FORMS CENTER (RHA/FC). Sensitive and high-use forms can be obtained from the Directorate of Human Resources RHA/FC, Bldg. 6042, 1976 Higgins Rd., East Range. Entrance to the forms center is at Door #2, north side of the building. Procedures for obtaining forms are as follows:

a. All unit publications NCOs need to ensure that a DA Form 1687 (Notice of Delegation of Authority – Receipt for Supplies) is maintained for their unit with the unit's RHA/FC account number and is up to date when sending Soldiers to obtain forms. Updated copies should be provided to the RHA/FC Manager whenever there are changes. Individuals coming to the RHA/FC for forms must be listed on the appropriate DA Form 1687.

b. Soldiers picking up forms must have a completed DA-17, Requisition for Blank Forms/Publications, listing the required items, (to include both form title and form number) and quantities of each desired. A complete listing of forms by number and title is CRITICAL to our providing quality service to Soldiers. Please call beforehand if possible to ensure the needed forms are actually available – a list of the 165 forms currently stocked at the Forms Center is available upon request. Out of stock items can be ordered at that time if needed.

c. Soldiers should be aware that many forms are restricted by the form proponent as to the number of copies that can be ordered at any one time and that the RHA/FC has limited control over quantities ordered. Normally, quantities requested by units should be restricted to the minimum amount needed for one to two month's operations. We can make requests through the Army Publishing Directorate for increases in quantities if the need is justified and documented by the end user, but it remains within the authority of the form proponent to approve or disapprove quantities issued. For more information, please contact Mr. Don G. Boyer, USAG-HI Forms and Publications Control Officer, DHR, ASD, at 656-0334.

11. USE OF NON-RESIDENT VEHICLE CERTIFICATES (CITY AND COUNTY OF HONOLULU FORM CS-L (MVR) 50 (Updated 5/23/12).

UPDATE TO QUALIFICATIONS FOR NON-RESIDENCY FORMS. *The City and County of Honolulu Department of Motor Vehicles has extended the qualifications for use of the non-residency form to register vehicles with the State of Hawaii. Under current guidance, active duty Army personnel assigned to a Hawaii Army unit who are RESIDENTS of the State of Hawaii now qualify to register ONE non-commercial vehicle using the non-residency form. Cost is \$72.50. This cost-savings is limited to only one vehicle, whereas non-residents may register all their qualifying vehicles.*

Soldiers not residents of the State of Hawaii can waive the weight tax due on their privately-owned vehicles when registering their vehicles at one of the City and County of Honolulu licensing centers located at the Satellite City Halls (a nominal processing fee will be charged). This does not apply to leased vehicles and vehicles registered in a dependent's name only. The City and County of Honolulu Form CS-L (MVR) 50 is used for this waiver process and must be an original document (to include the information and signatures). Photocopies of the forms will not be accepted at the DMV offices. City and County of Honolulu regulations require that individuals who are signing the form on behalf of an active duty Soldier must have a completed Power of Attorney submitted with the form. The Power of Attorney must be an original or notarized document (No copies) and must have valid dates.

If the applicant is also the commanding or personnel officer of a unit, they cannot certify their own non-residency form; they must have a unit senior certify their form. Active duty Soldiers must go to their S-1/Personnel and Administrative Center (PAC) to obtain the forms. **ALL PERSONNEL ARE REMINDED THAT ONLY ACTIVE DUTY ARMY PERSONNEL ASSIGNED TO A HAWAII ARMY UNIT AND THEIR QUALIFYING SPOUSES MAY USE THESE FORMS. ISSUANCE OF THESE FORMS SHOULD BE CONTROLLED AND RECORDED TO ENSURE NON-QUALIFIED PERSONNEL ARE NOT ACQUIRING THESE FORMS.** Units not structured under a PAC should report to the administrative office that dispenses these responsibilities.

Units/Organization S-1 or Administrative offices must obtain these forms from the Records Holding Area/Forms Center, Bldg. 6042, East Range (656-0334). Due to the sensitivity of these forms, and the potential for misuse, they will not be forwarded through mail distribution. It is the responsibility of the 1SG, PAC NCOs, Administrative NCOs and Adjutants to ensure that Staff Duty Officers/NCOs individually sign and issue these forms to members assigned to their units. Receiving Soldiers/Spouses should complete and sign the form in the presence of the approving official. Blank forms or blank pre-signed forms should not be issued at any time.

The Standing Operating Procedures for Use of the City and County of Honolulu Non-Residency Form was approved on 22 September 2011 and will be handed out to all those picking up Non-Residency Forms and is available on the DHR USARPAC Theater Portal at <https://portal.usarpac.army.mil:36000/imcom-pacific/Garrisons/Hawaii/hiHROffices/USAGHIPUB/default.aspx>. Requirements of this SOP are mandatory for using units and Soldiers/qualifying spouses.

All G/S-1 offices and PACs should have copies of this SOP and ensure widest distribution to Soldiers/spouses as needed. The intent of the SOP is to ensure that all offices handle the form in a consistent manner and that the forms are properly completed so that Soldiers are not inconvenienced at the DMV by having a form refused. This will also assist the Hawaii DMV in providing quality service to their military customers. Provisions of the SOP are mandatory.

It is the responsibility of unit G/S-1s or PACs to obtain and issue these sensitive forms and maintain the records of control and issuance. The Directorate of Emergency Services, Vehicle Registration Offices do not stock or issue these forms. The PAC NCOs/Adjutants can obtain supplies of these forms from the Records Holding Area/Forms Center, Bldg. 6042, East Range, Schofield Barracks, at 656-0334 (Tuesdays and Thursdays only, 0900 – 1400). For waiting families or unaccompanied spouses who are unable to obtain the form from a unit G/S-1 or PAC, Non-Residency Forms can be obtained from the Army Community Service (ACS) Relocation Program Manager's Office, Bldg. 2091, Schofield Barracks. Please contact Ms. Charlyn Sales, ACS, at 655-4227 for more information. See the SOP for the qualifying requirements for obtaining a form from the ACS office.

Because the Honolulu DMV offices all have large workloads, it is strongly recommended that personnel go to these offices before 1300 to ensure getting through the line and not be turned away before these offices close at 1600.

For further information on Non-Residency forms, please contact Mr. Don G. Boyer at 656-0334.

Some of the potential risks and hazards of workplace alcohol and drug use are obvious, particularly those related to safety. Alcohol and drug use can seriously impair judgment and coordination, which can lead to workplace accidents, injuries and even death. And a person does not need to be an alcoholic or drug addict to create safety hazards. For example, someone who still has alcohol in their bloodstream from drinking before they were on the clock may not be in any condition to work safely. But the problems extend beyond safety. Workplace alcohol and drug use can weaken an organization's ability to operate profitably and productively. It is also associated with lower levels of employee morale—not only that of employees struggling with alcohol or drug problems, but also those who work alongside them.

Key to preventing these problems is for all employees to understand that there is help for those struggling with alcohol and drug problems. If you (or someone you know) are struggling to work drug free, call 1-800-662-HELP (1-800-662-4357) or visit www.findtreatment.samhsa.gov. Other sources of help are available at www.dol.gov/workingpartners. Soldiers or family members may contact the Army Substance Abuse Program at the Schofield Barracks Health Clinic, Building 673, on the 1st floor by calling 433-8700 for assistance. In addition, the Employee Assistance Program (EAP) provides confidential, short-term counseling and referral services as a benefit to DA civilian employees. Professionally trained EAP staff can be reached at 655-6047/6046. If you have any questions or concerns, please contact Ms. Catherine Heflin, Employee Assistance Program (EAP) Specialist, Army Substance Abuse Program (ASAP) Building 2091, Kolekole Avenue, Schofield Barracks at 655-6047.
